(nett:2.590,24 €)

Product description

This set of 19" Taycan S winter wheels is specifically designed for the Porsche Taycan J1 II (Facelift, from 2024 onwards), ensuring a perfect fit and optimal performance during the colder months. The set includes four alloy wheels with dimensions of 8J x 19 ET50 for the front and 10J x 19 ET47 for the rear, providing a balanced and stylish appearance.

Equipped with brand new Pirelli P-Zero Winter tires, sizes 225/55 R19 for the front and 275/45 R19 for the rear, these wheels offer exceptional traction and handling on snowy or icy roads. The tires are renowned for their superior winter performance, enhancing safety and driving comfort.

Additionally, the wheels come with TPMS (Tire Pressure Monitoring System) sensors installed, which continuously monitor tire pressure, further ensuring your safety and the efficient performance of your vehicle during winter conditions.

The OEM number for this set is 9J1073604BB, confirming its authenticity as a genuine Porsche Original part. Although marked as used, the wheels are in near-new condition with very low mileage and possibly minimal signs of wear or storage marks. The tires are brand new with zero kilometers on them, ensuring they deliver peak performance.

This winter wheel set not only enhances the safety features of your Porsche Taycan but also adds to its aesthetic appeal during the winter season, making it a perfect blend of functionality and style.
