Product description

This original Porsche 19" Turbo II wheel in size 8J x 19 ET57, OEM number 99736215702, is an excellent choice for owners of Porsche vehicles who value authenticity and quality. The rim is specially designed for various models of the Porsche 911 (model 997) such as Carrera2, C2S, C4, C4S, as well as for the Porsche Boxster 987 and Cayman 987C. The rim is characterised by its dark titanium colour (colour code OC6), which gives it a stylish and modern look. With a width of 8J and an offset value of 57, it offers an optimal fit and excellent driving characteristics. The Turbo II design is not only visually appealing, but also functional, contributing to better brake cooling and reducing the overall weight of the vehicle.

This wheel is used but in very good condition and undamaged. As an original Porsche part, it guarantees the highest quality and a perfect fit. It is suitable for both the left and right sides of the vehicle and is intended for mounting on the front axle.

The combination of exclusive design, proven quality and outstanding functionality makes this wheel a valuable addition to your vehicle, improving not only its appearance but also its performance and safety on the road.
