Side:	Front axle Left = right
Available:	shipping in 3-7 days* *provided the product is available at the manufacturer
Price:	2.261,80 € (nett:1.900,67 €)

Product description

This high-quality 20-inch wheel in RS Spyder Design 2 for the Porsche 911 model 992 combines aesthetics with outstanding performance. The wheel measures 8.5J x 20 ET50 and features an attractive black silk matt finish that not only looks impressive but also offers high resistance to environmental influences.

The rim is specially designed for the front axle of the vehicle, as confirmed by the specification "location_fb: Przód". It can be mounted on both the left and right sides of the vehicle, as indicated by the code "location_lr: L=R". The RS Spyder design is known for its lightweight construction, which not only reduces the weight of the vehicle but also improves handling and driving dynamics. The OEM number for this rim is 992601025BBJE1, which confirms its authenticity as an original Porsche part. This guarantees a perfect fit and the highest quality standards you would expect from Porsche.

The condition of the item is new, which means that the wheel is new, unused and undamaged. This ensures that the buyer receives a product that meets the highest standards and comes directly from the factory. This wheel is ideal for drivers who want to improve the performance and appearance of their Porsche 911 model 992 without compromising on quality and originality.
