<b>Price:</b>	<b>4.777,24 €</b> <b>(nett:4.014,49 €)</b>

## Product description

Upgrade your Porsche Taycan with the exclusive 20" Taycan Turbo S Aero Design Summer Wheel Set, designed specifically for the Porsche Taycan J1 II (Facelift, from 2024). This set includes two front wheels sized 9J x 20 ET54 and two rear wheels sized 11J x 20 ET60, perfectly tailored to enhance the aesthetics and performance of your vehicle.

Each wheel is equipped with brand new Michelin summer tires, with dimensions 245/45 R20 for the front and 285/40 R20 for the rear, ensuring optimal grip and performance during warmer weather conditions. The tires are factory-fresh, boasting zero kilometers on them, which guarantees you are receiving top-quality, untouched products.

Additionally, the wheels come with RDK sensors pre-installed, enhancing your driving experience by providing real-time tire pressure monitoring, crucial for both safety and tire maintenance.

The OEM number for this set is 9J1073663FF, confirming its authenticity and compatibility with the specified Porsche models. Although these wheels are marked as used, they are from Porsche Original Parts and are in near-new condition with very low mileage and possibly minimal signs of handling or storage.

This wheel set not only improves the performance but also elevates the look of your Porsche Taycan, making it stand out with its distinctive Turbo S Aero design. Whether you're upgrading for aesthetic reasons or performance enhancement, this summer wheel set is an excellent choice for any Taycan enthusiast looking to personalize their vehicle with genuine Porsche parts.

## Technical specifications
