Product description

This 20-inch wheel for the Porsche 911 model 991.2, specially designed for the Carrera S IV model, combines stylish design with outstanding performance. With dimensions of 8.5J x 20 and an offset of 49, this wheel offers a perfect fit and improves the handling characteristics of your vehicle. The high-gloss black finish (technical name: high-gloss black, feature code: 041) gives your Porsche a unique and elegant look that clearly sets it apart from the crowd. The OEM number 99136271000041 confirms that this is a genuine Porsche part. Despite the fact that this product is used, it is in very good condition and undamaged, making it a cost-effective alternative to a new part. This wheel rim is suitable for both the left and right sides of the vehicle (position L=R) and is intended for mounting on the front axle.

In summary, this wheel rim is an excellent choice for owners of a Porsche 911 model 991.2 who want to equip their vehicle with a high-quality, high-performance and visually appealing wheel. It not only guarantees high quality and durability, but also improves the aesthetic and driving characteristics of your car.
