Product description

This set of 21" Cross Turismo Design summer wheels is specifically designed for the Porsche Taycan J1 II (Facelift, from 2024 onwards). It includes a complete set of high-gloss black rims and Goodyear summer tires, ensuring both aesthetic appeal and high performance during the warmer months.

The rims in this set come in two sizes: the front rims are 9.5J x 21 ET60 and the rear rims are 11.5J x 21 ET66, perfectly tailored to maintain the vehicle's balance and handling characteristics. The included Goodyear summer tires are sized 265/35 R21 for the front and 305/30 R21 for the rear, offering excellent road grip and a smooth ride.

Each wheel is equipped with RDK sensors for monitoring tire pressure, which enhances safety by ensuring that all tires are inflated to the optimal level for performance and fuel efficiency.

The OEM number for this set is 9J1073663LA, confirming its authenticity as a genuine Porsche original part. This new, unused, and undamaged item is an ideal choice for Porsche Taycan owners looking to upgrade or replace their summer wheels with a set that not only matches the dynamic capabilities of their vehicle but also complements its luxurious appearance.
