<b>Price:</b>	<b>5.943,46 €</b> <b>(nett:4.994,50 €)</b>

## Product description

Enhance the performance and aesthetics of your Porsche Taycan with this set of 21" RS Spyder Design summer wheels. Specifically designed for the Porsche Taycan J1 II (Facelift, from 2024), this set includes high-gloss black rims and brand-new Goodyear summer tires, ensuring both style and functionality are seamlessly integrated.

The rims are sized at 9.5J x 21 ET60 for the front and 11.5J x 21 ET66 for the rear, perfectly fitting the vehicle's specifications and enhancing its stance. The included Goodyear summer tires, sizes 265/35 R21 for the front and 305/30 R21 for the rear, offer excellent road grip and performance in warm weather conditions. These tires are brand new, ensuring maximum tread life and optimal performance right from the start.

Each wheel is equipped with TPMS (Tire Pressure Monitoring System) sensors, maintaining constant monitoring of tire pressure for enhanced safety and tire longevity. The high-gloss black finish not only adds a sleek, aggressive look to your Taycan but also provides an added layer of protection against environmental elements.

This wheel set is an original Porsche part, with an OEM number 9J1073663MM, ensuring perfect compatibility and performance. Although classified as used, the rims are in near-new condition with very low mileage and minimal signs of wear or storage marks, while the tires are factory new with zero kilometers on them.

Ideal for drivers looking to upgrade their vehicle's performance and aesthetic appeal, this set of wheels and tires offers a perfect blend of luxury, sportiness, and technical prowess, tailored specifically for the Porsche Taycan.

## Technical specifications

Front rims:	Article number: 9J1601025BCQ01 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
