(nett:7.319,88 €)

Product description

This high-quality set of wheels in Cross Turismo design is specially designed for the Porsche Taycan and offers excellent fit and performance. The set consists of four rims with dimensions 9.5J x 21 ET60 for the front axle and 11.5J x 21 ET66 for the rear axle. The titanium finish not only gives your vehicle an aesthetically pleasing look, but also ensures improved durability and corrosion resistance.

The rims are new, unused and undamaged, making them an ideal choice for vehicle owners who value original parts and condition. The OEM number for this set is 9J1601025AMOC6 KPL, which confirms the authenticity and quality of these original Porsche Taycan parts.

This wheel set is not only visually appealing, but also functionally designed to optimise the performance of your Porsche Taycan. Thanks to their specific size and offset, these wheels improve driving stability and contribute to safe handling. Ideal for anyone who wants to upgrade their vehicle both technically and visually.
