### Product description

This set of 21" Panamera Exclusive Design summer wheels is specially designed for the Porsche Panamera G2/971 and offers an outstanding combination of style and performance. The rims in sizes 9.5J x 21 ET71 and 11.5J x 21 ET69 are finished in an attractive high-gloss black, giving your vehicle a particularly elegant look.

The wheels are fitted with high-quality new Michelin summer tyres in sizes 275/35 R21 and 325/30 R21, which ensure excellent handling in warm weather conditions. Thanks to the integrated TPMS (tyre pressure monitoring system), constant monitoring of the tyre pressure is also guaranteed, which increases safety and efficiency.

This wheel set is compatible with various versions of the Porsche Panamera G2/971, including the Panamera 4S E-Hybrid, Panamera Turbo S and their respective Executive and Sport Turismo variants. The rims and tyres are marked as used, but are in mint condition with low mileage and possibly minimal signs of use or storage. The tyres are brand new (0 km). The OEM number for this wheel set is 971044665SA, which confirms its authenticity and quality as an original Porsche part. This high-quality wheel set is an excellent choice for drivers who value both aesthetics and performance.
