Product description

Apologies for the misunderstanding, but it seems the description requested was for a Porsche Design watch rather than a wheel rim. However, as the information provided suggests a wheel rim, I will still provide a description for it in German:

****Porsche 911 992 21" Turbo S wheel, 11J x 21 ET66, satin black****

Discover the perfect combination of style and performance with the exclusive 21-inch Turbo S wheel for the Porsche 911 model 992. This high-quality wheel features an elegant, satin black finish and offers impressive technical specifications with a width of 11J and an offset (ET) of 66.

****Product features:****

- ****Size:**** 21 inches
- ****Width:**** 11J
- ****Offset (ET):**** 66
- ****Design:**** Turbo S
- ****Colour:**** Satin black
- ****Condition:**** New – a new, unused and undamaged item
- ****Authenticity:**** Genuine Porsche parts

This wheel is not only a visual highlight, but also a testament to the quality and durability you can expect from Porsche. The technical designation and the high-gloss black finish underline the exclusivity of this product. Suitable for use on the rear axle (L=R), this wheel fits your Porsche 911 Model 992 perfectly and gives it an even sportier look.

****OEM number:**** 992601025ACJE1

Add a touch of elegance and sportiness to your Porsche with this exclusive wheel. Ideal for enthusiasts who value genuine parts and outstanding performance.
