## Product description

This set of 22" RS Spyder Design Winter Wheels for the Porsche Macan Electric Model 95C combines high-performance aesthetics with practical winter functionality. The set includes two front wheels sized 9J x 22 ET29 and two rear wheels sized 11J x 22 ET47, all finished in a striking high-gloss black. These wheels are equipped with brand new Continental winter tires, with dimensions 255/40 R22 for the front and 295/35 R22 for the rear, ensuring excellent traction and stability in cold weather conditions.

Each wheel is fitted with RDK sensors for real-time tire pressure monitoring, enhancing both safety and performance. The OEM number for this set is 95C044600H, confirming its authenticity as a genuine Porsche original part. These wheels are used but in very good condition, showing no signs of damage, which makes them a reliable and stylish choice for your vehicle during the winter months.

Designed specifically for the Porsche Macan model 95C, these wheels maintain the vehicle's luxurious and sporty appearance while providing the necessary robustness for winter driving. The RS Spyder Design not only adds a dynamic edge to the vehicle's profile but also complements its overall performance capabilities. This set is an excellent choice for Porsche owners looking to equip their vehicle with durable, high-quality winter wheels that do not compromise on style or performance.
