Discount:	65%
Available:	ready for shipping
Price:	8.094,01 € (nett:6.801,69 €)

Product description

This right-side fender for the Porsche 911 model 991, specifically designed for the "911R" variant, is crafted from high-quality carbon fiber, offering exceptional strength and reduced weight compared to standard fenders. The use of carbon fiber not only enhances the vehicle's performance by decreasing the overall weight but also contributes to improved fuel efficiency and handling dynamics.

The fender is an original Porsche part, ensuring perfect compatibility and performance with the Porsche 911 model 991. It comes with OEM numbers 991503032A3G2X and 991503032A3GRV, guaranteeing its authenticity and fit specific to the right side of the vehicle.

Please note, this fender is in used condition and may require painting due to color discrepancies or minor scratches on the surface. Despite these cosmetic imperfections, the fender is in very good condition with only slight signs of wear or storage marks.

This component is ideal for owners looking to restore or enhance their Porsche 911 991 "911R" with genuine parts that maintain the vehicle's aesthetic and performance standards. Installation should be performed by a professional to ensure proper fit and functionality.
