### Product description

This high-quality mudguard is specially designed for the left side of various Porsche 911 models in the 996 series, including Turbo, GT2, Carrera 2, Carrera 4 and 4S, which underwent a facelift between 2002 and 2005. As an original Porsche spare part with part numbers 99650303105GRV, 99650303104GRV, 99650303103GRV and 99650303102GRV, this mudguard guarantees a perfect fit and the expected high quality and performance.

The mudguard is new, unused and undamaged, making it ideal for Porsche 996 owners who need a replacement after an accident or due to wear and tear, or who want to improve the appearance of their vehicle. Not only does it contribute to the aesthetic integrity of your car, it also protects the bodywork from dirt, water and road damage.

As an original Porsche part, the mudguard not only offers a perfect fit, but also the durability and resistance you would expect from a premium manufacturer. This makes it an excellent choice for those who value original parts and high quality and want to ensure that the replacement part fits their vehicle perfectly and maintains its value and appearance in the long term.
