Product description

This front trunk lid, specifically designed for the Porsche 911 model 992, including the GT3, Dakar, and S/T variants, is a premium carbon fiber component that combines lightweight construction with high durability. The part number for this OEM (Original Equipment Manufacturer) component is 9GT823021, ensuring a perfect fit and compatibility with the specified models.

Crafted from high-quality carbon fiber, this front trunk lid not only enhances the aesthetic appeal of the vehicle with its sleek, painted finish but also contributes to overall weight reduction, which can improve handling and performance. The use of carbon fiber is particularly beneficial in sports models like the GT3, Dakar, and S/T, where weight savings are crucial for maximizing efficiency and speed.

The condition of this trunk lid is listed as used, yet it remains in excellent condition without any damage, maintaining the high standards expected from Porsche original parts. This ensures that the component retains its value and functionality, making it an excellent choice for replacement or upgrade.

Ideal for owners looking to maintain or enhance their Porsche 911 992's appearance and performance, this front trunk lid is not only a genuine Porsche part but also a testament to the quality and craftsmanship associated with the brand.
