Available: **ready for shipping**

Price: **8.627,50 €**
(nett:7.250,00 €)

Product description

This Porsche 911 991.1 GT3 RS rear engine cover, complete with integrated rear spoiler, is an exceptional component designed specifically for the Porsche 911 model 991.1 GT3 RS. The part number for this OEM component is 99151222792KPL, ensuring a perfect fit and compatibility with the specified model.

Originally mounted on a brand-new vehicle, this engine cover has been removed after approximately 100 km of use, making it nearly new and in excellent condition. It exhibits minimal signs of wear or handling, maintaining a pristine quality that is close to its original state when first installed. The rear engine cover includes the rear spoiler, which is essential for enhancing the aerodynamic performance of the vehicle. This integration helps in improving downforce and stability at high speeds, making it a crucial part for any performance-focused Porsche 911 GT3 RS owner. Please note that while the engine cover is in superb condition, the color may differ from the images shown. It is recommended that the part be repainted, particularly if there are minor scratches or imperfections on the surface.

This genuine Porsche part is ideal for replacing a damaged engine cover or for upgrading your vehicle's performance and aesthetic appeal. Whether you're restoring a Porsche 911 GT3 RS or enhancing its existing features, this rear engine cover with spoiler is an excellent choice that combines functionality with the high standards of quality and design expected from Porsche.
