Price:	3.062,81 € (nett:2.573,79 €)

Product description

The rear bumper for the Porsche 911 model 992 GT3, equipped with holes for the parking aid, is a high-quality replacement part for vehicles that require a precise fit and excellent functionality. The part number for this specific model is 9GT898014A. This genuine Porsche part guarantees that it will fit your 911 992 GT3 exactly.

This bumper is new, unused and undamaged, making it an ideal choice for replacing or upgrading the rear bumper of your vehicle. The integration of holes for parking sensors is particularly advantageous as it allows for the installation of parking sensors, which help to avoid collisions when reversing and increase safety.

As an original Porsche part, this bumper not only offers a perfect fit, but also the assurance that the materials and workmanship are of the highest quality. This contributes to durability and preserves the value of the vehicle. Using original parts such as this bumper ensures that your Porsche 911 992 GT3 remains in top condition, both visually and functionally.
