Product description

This gearshift lever for the Porsche 911 (model 996) and Porsche Boxster S (model 986) is specially designed for vehicles with a 6-speed manual transmission and is suitable for model years 2003 to 2005. The OEM numbers for this spare part are 99642401005 and 99642401004, which confirms its compatibility and originality as a Porsche spare part. The gearshift lever is used but in very good condition and undamaged. As an original Porsche part, it guarantees high quality and a precise fit, which contributes to improved shifting performance and a longer service life for the transmission. The use of original parts such as this shift lever ensures that the vehicle characteristics of the Porsche are retained and the driving dynamics and overall performance of the vehicle are optimised.

This product is ideal for owners of a Porsche 911 (996) or a Porsche Boxster S (986) who value original parts and want to keep their vehicles in top condition. It offers a reliable solution for restoring or maintaining the excellent driving performance you expect from a Porsche.
