## Product description

This left LED headlight is specially designed for the Porsche 911 model 992.2 and offers an excellent lighting solution for your vehicle. It is an original Porsche part and has the OEM numbers 992941017AF, 992941017AE and 992941017AC. This ensures high compatibility and easy installation.

The condition of the headlight is described as used but very good and undamaged, which means that it comes without any visible defects or damage and is a cost-effective alternative to a new part. As an original Porsche part, this headlight ensures consistently high quality and performance that is specifically tailored to the requirements and specifications of the Porsche 911 model 992.

The LED technology in this headlight ensures improved visibility at night and in poor weather conditions, which not only increases driving safety but also reduces the vehicle's energy consumption. Installation is straightforward thanks to the precise fit and specific connections tailored to this model.

In summary, this left LED headlight for the Porsche 911 model 992.2 is an excellent choice if you are looking for a high-quality, efficient and reliable replacement part that supports the performance and aesthetics of your vehicle.
