Product description

This original LED headlight for the Porsche 911 model 992, specifically for the left side of the vehicle, is an excellent choice for improving or replacing your vehicle's lighting. The headlight is equipped with advanced Porsche Dynamic Light System Plus (PDLS+) technology, which ensures optimum illumination of the road by adapting to the road conditions. This technology not only improves visibility at night, but also increases safety through better light distribution in corners and in poor weather conditions. The OEM numbers for this headlight include 992941039K, 992941039J, 992941039H, 992941039F, 992941039E, 992941039D and 992941039G, ensuring compatibility with various versions of the Porsche 911 model 992. This guarantees seamless integration and functionality after installation.

The headlight is in very good, used condition and is undamaged, making it a cost-effective alternative to a brand new part. As a Porsche original part, this headlight not only offers quality and durability, but also the assurance that it has been specifically designed for your vehicle model.

This LED headlight is an excellent choice for Porsche 911 Model 992 owners who value original parts, advanced technology and high functionality.
