Available:	ready for shipping
Price:	416,50 € (nett:350,00 €)

Product description

Porsche 924/944/968 Porsche Classic Tool Bag, made from fabric featuring the Porsche logo, typical of the transaxle era.

Porsche Classic Tool Bag; suitable for the Porsche 924 from model years 1976–1985, the Porsche 924 S from model years 1986–1988, the Porsche 944 from model years 1982–1985, the Porsche 944/2 from model years 1985–1991, and the Porsche 968 from model years 1992–1995.

The tool bag is made from the vintage Porsche Rapport fabric typical of that era, which could be found in all models of the transaxle era. In the centre of the bag is a reproduction of the distinctive crest from the glove compartment lid lock of the early 924 and 944 models.

The contents have been reconstructed based on the original tool bag and reproduced using technical drawings of the tools from the original supplier of that era. In the final stage, the bag was visually and technically updated by Porsche Classic experts, and useful tools were added to it.

Contents:

Double-ended spanner (8x9 / 10x11 / 12x13 / 14x15 / 17x19)

Wheel nut spanner

Tow eye

Pliers

PH2 Phillips screwdriver

Flat-head screwdriver

Allen key for emergency seat adjustment

Brass inspection lamp

5 fuse links

Hook for wheel lock cover

1 Porsche cleaning cloth
