Discount:	40%
Available:	ready for shipping
Price:	8.340,00 € (nett:7.008,40 €)

Product description

Electric off-road riding fun: Porsche's Cross Performance EXC 2023 e-bike, developed in collaboration with ROTWILD, makes your dream of smooth trail riding a reality.

The carbon frame, designed by Studio F.A. Porsche, is not only exceptionally sturdy but also gives the e-bike its unique character and guarantees maximum off-road performance thanks to a perfectly coordinated selection of components.

'Performance' isn't just a sticker on the frame; it's reflected in every detail: from Fox Factory suspension components and Crankbrothers carbon wheels – with different spoke tensions on the front and rear wheels depending on load distribution – right through to the four-piston braking system from MAGURA.

Recommended frame size based on height in centimetres:
Frame size L (29-inch wheels): 180-194 cm.

Battery: 630 Wh capacity.
Porsche colour: sharkblue.

NEW / Display model, mileage 0.4 km.
