Discount:	30%
Available:	ready for shipping
Price:	349,98 € (nett:294,10 €)

Product description

Introducing the Porsche x HEAD Men's Ski Pants in size Large, a premium addition to any winter sports wardrobe. These designer ski pants are part of the exclusive collaboration between Porsche and HEAD, ensuring both style and high performance on the slopes.

Crafted with a main material composition of 86% polyamide and 14% elastane, these pants offer flexibility and durability, essential for dynamic movements in skiing. The secondary material includes 57% polyamide, 40% ceramic resin, and 3% elastane, providing additional reinforcement and protection. The 100% polyester lining ensures that warmth is retained, making these pants ideal for cold weather conditions.

Designed to be both windproof and water-repellent, these ski pants keep you dry and comfortable even in harsh weather. They feature advanced ventilation systems to maintain optimal body temperature and include cut protection to safeguard against ski edge injuries. The stylish black and white color scheme not only looks great but also offers versatility in pairing with other ski gear.

Whether you're hitting the slopes for leisure or participating in competitive skiing, the Porsche x HEAD Men's Ski Pants are engineered to enhance your performance while ensuring maximum comfort and protection.
