Available:	shipping in 10-14 days* <small>*provided the product is available at the manufacturer</small>
Price:	149,00 € (nett:125,21 €)

Product description

This front mask, also referred to as a boot lid, is meticulously designed to enhance both the functionality and aesthetic appeal of your vehicle. It serves an essential role in protecting the boot compartment, which is crucial for safeguarding any items stored within. Additionally, this component is instrumental in improving the aerodynamics of your car, which can contribute to better fuel efficiency and performance.

Crafted from high-quality materials, the boot lid is engineered to withstand environmental factors such as sun exposure, rain, and temperature fluctuations, as well as daily wear and tear. This ensures both durability and consistent performance over time, maintaining the integrity and appearance of your vehicle. It is important to note that specific details such as the OEM number, brand, and compatible vehicle models have not been provided for this front mask. Therefore, to ensure a perfect fit and optimal functionality, it is recommended to measure your current boot lid and compare those dimensions to this product, which measures 180 mm x 550 mm x 320 mm. Due to the lack of detailed information on the product's condition or additional features, consulting with a professional or a qualified technician is advised. They can assist in the selection and installation process, ensuring that the front mask is compatible with your vehicle and meets your expectations. This approach helps in maintaining the safety and integrity of your vehicle while ensuring that the front mask effectively fulfills its intended purpose. Please be aware that this description pertains to a generic front mask and should be tailored to fit specific vehicle models, ensuring compatibility before making a purchase.
