### Product description

The Porsche x Smeg stand mixer is an exclusive combination of Smeg's iconic 1950s style and Porsche's purist design. This kitchen appliance is not only functional, but also a visual eye-catcher. The clean lines are complemented by matt black accents on the base, control knob and details of the mixing bowl. A characteristic Porsche stripe on the housing rounds off the stylish appearance. With four manual speed settings and three preset programmes for smoothies, green smoothies and ice crushing, the blender delivers reliable and consistent results. The pulse function with three intensity levels allows precise control when high power is required for a short time. The integrated measuring cup in the lid makes it easy to safely add ingredients during the blending process. Other features of the blender include: - A 1.5-litre container made of BPA-free Tritan™, which is both robust and food-safe.

- An automatic cleaning function that simplifies maintenance of the appliance. - A lid with a refill opening and integrated measuring scale. - Non-slip feet that ensure a secure footing even at high power. The dimensions of the stand mixer are 163 mm x 197 mm x 397 mm and it weighs 4000 g. It is made of 60% cast aluminium, 31% plastic, 8% stainless steel and 1% other materials. Care instructions include regular cleaning of the motor base with a damp cloth and mild detergent, as well as manual or machine cleaning of the lid and measuring cup. The mixing container should be cleaned by hand as it is not dishwasher-safe.

The "Porsche x Smeg" stand mixer in Carrara white metallic is a powerful and aesthetic appliance that elegantly combines design and functionality in your kitchen.
