Product description

Porsche Design Sunglasses P´8478 B 69 V655, titanium

The P´8478 model was launched in 1978 as the world's first sunglasses design to include an interchangeable lens mechanism.

The design's quick release catch enables users to change their lenses at a moment's notice according to the changing light conditions. Titanium frame in titanium. Lenses made of polycarbonate with 100% UV protection, in grey gradient/silver mirrored. Includes a pair of interchangeable lenses in green.

Also available in the colour light gold with lenses in brown, and with interchangeable lenses in light blue/silver mirrored.
