Product description

The front bumper in Turbo Sport design for the Porsche 911 model 992 is a high-quality replacement part that has been specially developed for this model. The bumper comes with an integrated front spoiler and splitter, which not only improve the aesthetics of the vehicle but also optimise its aerodynamic properties. This component helps to reduce air resistance and increase stability at high speeds. The product has the OEM number 992807786A G2X, confirming its authenticity and accuracy of fit in accordance with Porsche's high standards. It is a used part, but it is in very good condition and has no damage. As an original Porsche part, it guarantees high quality and durability. This spare part is ideal for owners of a Porsche 911 model 992 who want to improve the appearance and performance of their vehicle without compromising on quality or fit. Installation is straightforward and uncomplicated, as the part was designed specifically for this model.
